Is This \$25,000 Manicure Worth It?

An Orange County salon is taking bling to a whole new level. Images Luxury Nail Lounge has just launched a new trio of luxury nail services that start at \$500.

Yes, that's correct. Your next manicure may cost more than your Marc by Marc Jacobs bag. For \$500, one can opt for the Haute Couture Manicure, where you will be pampered with a jojoba and lavender lotion body massage, a mineral bath, a facial and choose up to 20 diamonds for nail art.

Prefer to have your own private suite? Opt for the Gold Rush Manicure. For a cool \$2,500 to \$10,000, you'll receive everything in the previous service with the addition of champagne, French pastries, a private suite, 24-karat gold nail lacquer, in addition to, waxing and threading services or lash extensions.

And for the grand service of them all, for between \$10,000 and \$25,000, you can get the most extravagant service, the Glitz & Glam. Images Luxury Nail Lounge will allow you to shutdown the entire salon for your treatment. You'll receive the plush amenities above plus a full makeover and a personal jewelry at your disposal to help you choose the best diamonds for your nail art, hair and makeup services.

Keep in mind; diamonds can only be affixed to acrylic nails.

In a neighborhood where residents are Kobe Bryant and where you're prone to run into Rihanna or Sofia Vergara at Newport Beach's Pelican Hill Resort for an ultra-luxe getaway, it's only right there's a plush salon to adhere to the top one percent.
