## **THE MOST EXPENSIVE MANICURE FOR \$25,000 (OR MORE) IS NOW BEING OFFERED!**

Not all manicures involve meeting a personal jeweler, but this one does.

Images Nail Lounge with locations in Newport Beach and Irvine in Southern California is taking luxury manicures to a whole different level.

They are offering a "Gold Rush Manicure by Models Own" is an exclusive nail salon experience starting from \$2,500 and can cost as much as \$10,000 (and up). Clients will dine on champagne and French-imported pastries in a private suite and get their nails done with real 24-karat gold.

This package also comes with a Luxury Facial package and either waxing/threading or eyelash extensions.

If that is not enough for you, there is the "Glitz and Glamiculture" package, starting from \$10,000 and costing up to \$25,000 (or more).

For that experience, the whole nail salon is closed to the public, while clients sip premium champagne and work with a personal jeweler to select GIA-graded diamonds.

This package includes an hour-long massage, a rejuvenating Luxury Facial, an Images Celebrity Makeover, and eyelash extensions or a waxing/threading service.
